WHAT "ENTERPRISING" MEAN?

I DO
I CAN
I DARE
I ADAPT
I INNOVATE

The ECECC project

The ECECC project - Embedding a Culture of Enterprise and Creativity in the Curriculum - aims to promote creativity and entrepreneurial spirit within the school curriculum in Europe.

This by giving teachers the opportunity to test different methods in a safe environment at a recurrent European Educational Event by using a no contextual dependent method i. e. focus is on the effects in the classroom.

INVITATION to TEST of European Entrepreneurial Education Event

Milan, 13th-14th of June 2011

- Are you a teacher?
- Are you interested about methods of teaching, preparing students to their working life, creativity and enterprising?

Take part on the educational event!

How

Please check the attached information and booking details and reply by May the 16th.

Why should I take part to the event?

You will have the possibility to exchange good practices and to test your creative methodologies in a safe environment.

We are gathering examples on creativity and enterprising skills of teachers around Europe, you will meet other teachers who work with a proactive attitude.
